

Karina Litvinova Senior Product Designer

[Portfolio](#) [LinkedIn](#) carriestylesf4@gmail.com

FinTech, B2C/B2B, SaaS, PropTech and startUps

Senior Product Designer with **6+ years** of experience delivering end-to-end design for high-traffic products in FinTech and SaaS. Proven ability to drive business outcomes, contributing to a +15% conversion growth for a mobile banking app (1M DAU) and building design systems from scratch that cut dev rework by 50%.

Experience

Wildberries | Eastern Europe's largest e-commerce platform

Senior Product Designer | 2025 – now

Infrastructure Team, Wildberries. WB Workspace and WB Chat (DAU 600k)

- Lead end-to-end product design for WB Workspace, internal platforms.
- Designed and shipped core user flows for the new WB Chat, enabling a faster-than-projected production release for a critical communication tool.
- Built and implemented a design framework for developing and validating product hypotheses.
- Redesigned the navigation and information architecture of WB Workspace, transforming it into a central hub for all internal tools and reducing time-on-task for key workflows

Bank Saint Petersburg | Top-20 Russian Bank with 1M+ DAU

Senior Product Designer | 2023 – 2025

Lead designer across internet and mobile banking products (BSPB DAU 1 mil), and design system lead for the bank's cross-platform design language.

- Led the creation of the bank's first cross-platform Design System, building 60+ components in Figma that were adopted by 5+ product teams, ensuring brand and UI consistency
- Redesigned the mobile app's new-client onboarding flow, increasing conversion by +15% and contributing to an +8% DAU growth over two years.
- Owned the end-to-end redesign of the customer loyalty program, from MVP to full launch, which drove a +10% increase in digital product engagement.
- Drove WCAG/A11y compliance across all 60+ design system components
- Implemented digital ruble integration aligned with Central Bank requirements
- Authored a number-formatting utility in TypeScript to handle complex currency display rules; the tool was adopted by 12 front-end engineers and eliminated a major source of UI bugs.

SalesKit | B2B SaaS Startup

Lead Product Designer Part-Time | 2023 – 2025

- As the sole designer, owned the entire product design lifecycle, from shaping the roadmap and prioritizing features to UX/UI design and handoff
- Shipped 14 product features from concept through production launch.
- Reduced engineering clarifications and rework by 50%

Puzzle PropTech | AI-powered PropTech/FinTech startup

Product Designer | 2022 – 2023

- Built the first design system from the ground up, creating 62 reusable components and patterns that covered 78% of the UI across key screens and reduced design-to-development handoff time by 27%
- Shipped 5+ customer-facing features in collaboration with product and engineering, including a key feature that drove +5% retention growth

Guitar Art Studio | Product Designer

2021 – 2022

VisualMethod | UX/UI Designer

2018 – 2020

Education

Computer science, Saint Petersburg State University of Industrial Technologies and Design

2019 - 2023
